An Economical D.I.Y. Home & Office High-Tech Appliance

Greatest Offer never before from RCS:

- **No interruption:** No more “can someone turn off the lights please” during presentation in the meeting.
- **Enjoy your sleep:** Turn off lighting/TV/VCR etc. in your bed even if you are too sleepy to walk to the switch.
- **Automatic:** Control light/fan/TV/VCR/Air-con at any time you wish automatically even if no one is around.
- **Be Independent:** No help needed to ON/OFF lighting for the old, handicapped and small children.
- **Handy:** Too many bulky remote controls ? one for TV, one for VCR, one for CD, one for Air-Con etc. Now, use only one RCS remote control to control all your appliances including lighting and fan too !
- **Convenience & Comfort:** Controlling (on/off/dimming) lighting at where you are - in the comfort of your sofa or bed. Good for multiple lighting with IC control. No need to install 2-way switch any more.
- **Save Money:** No more sleeping with the light ON all night.
- **Alarm Clock:** It is a small and handy LCD clock with alarm too !
- **Safety:** No danger in controlling lighting even if your hand is wet.
- **Personal:** Credit card size portable and user programmable for personal use.
- **Expandable:** Sensor and control can be used separately, together or in a number of possible combinations.
- **A third and extended hand in these places:** Conference room, training room, meeting room, bedroom, living room or anywhere that needs remote and/or timer control or ALL-in-ONE control.
