Integrated Intelligent System for All Audio Video, Lighting, HVAC, Environmental Air/Water Hygiene and Energy Saving Solutions

**Long Life * Energy Efficient * User Friendly**

Integrated Multi-Function Control System

### Conference / Seminar / Training Room Fully Integrated Control System

- Multiple Lighting (Fluorescent, Halogen & LED) Control with feedback status indicators
- Multiple Projector and TV or CCTV Surveillance Camera Control
- Multiple Projector Screen Control
- Multiple Curtain / Blind Control
- Multiple Sensor Control
- Multiple Air-conditioner Control
- Multiple Audio Video System Control
- Multi-function Control Interface: IR, RF, Mobile Phone, PDA, PC (network or internet) and Manual Control
- User Programmable Scene Control on Master Control Panel and Existing Remote Control or PDA
- Using existing IR remote control without blind spot or having a need to aim at IR receiver
- Transforming all High-end LCD touch screen or low-end IR Remote Control to Omni-Directional
- Flexible Forward and Backward Compatible System: Conventional AC or Extra-Low Voltage (ELV)
- Optional Programmable Calendar Timer Control

### Flexible Wiring Using Either Conventional 110/230V AC Or Extra-Low Voltage (ELV) Configuration
